

The Jeff Gordon Children's Foundation Needs Your Help

Jeff Gordon, through his children's foundation, is working with Partners in Health to establish cancer care programs for the children of Rwanda. Jeff and his wife Ingrid will be traveling to Rwanda in December to deliver much needed medical supplies. They hope to be able to bring as many as 36 quilts* with them to give to the children being treated at the new hospital. Jeff's Foundation also plans to establish an ongoing program to deliver quilts to The Jeff Gordon Children's Hospital in Charlotte, Riley Children's Hospital in Indianapolis, and Dell Children's Hospital in Austin.

If you would like to help in this effort, please contact **Rita Barrett** at **zteambabies@gmail.com**.

- * Quilt size of 48" by 55" or smaller
- * All materials used must be machine washable
- * All quilts must be prewashed
